

## **SUCCESS STORY FOR ACA INTERNATIONAL'S EDUCATION FOUNDATION:**

***We're excited to share a success story involving a former ACA International Loomer-Mortenson Scholarship winner.***

FARMINGDALE, APRIL 7, 2017 - Back in 2006 Karen Vollmer, an Internal Quality Monitoring Manager at Sunrise Credit Services, Inc., had her daughter, Laura, apply for the Loomer-Mortenson Scholarship and based on Laura's essay, she was awarded a scholarship.

So, under the heading of "whatever **happened to our past scholarship recipients**", here's a terrific follow-up story about Laura Vollmer, an ACAEF Loomer-Mortenson 2006 scholarship recipient.

Ms. Vollmer attended Binghamton University and while on campus and before graduating became the VP of Alpha Kappa Psi (a professional business fraternity), a teaching assistant, an accounting tutor, and an executive board member of the PricewaterhouseCoopers (PwC) Scholars Program.

Upon graduation, she began her career at PwC and continues there today driving revenue, growth, and marketing efforts for PwC's financial services specialty group focusing on consumer lending products.

Ms. Vollmer still continues to be active at Binghamton University serving as Co-Chair of the School of Management Young Alumni Board, mentoring students and recruiting for PwC. She currently lives in Manhattan with her Fiancé, Evan Roth.
